The following are the most frequently asked questions by producers:

1. How do we get started?
 - a. Submit your title for review. Once it has been reviewed, you will be notified by email or phone. (If you have not heard anything after 2 weeks, please feel free to give us a call at 949-460-9496 and ask for Docy. Please allow 2 weeks before calling)
2. How do you order?
 - a. Once your program is accepted and the pricing has been worked out we will send you the appropriate contract with all the pertinent information. You sign the contract and fax back. We will also need 300 dpi image of the front sleeve cover, a brief description and a 1-3 minute teaser on DVD in quicktime compressed for the website.

*Compressed Quicktime Specs are:
Format: Quicktime streaming, .mov preferred (.mpg or .mp4 acceptable)*

Filesize: up to 5mb
Dimensions: 320 x 240 pixels

We also need an Uncompressed teaser needs to be either an avi format or full quicktime 720x 480 and PLEASE DO NOT FTP THIS VERSION. Please send this one to on disk here to our office.

Once we receive the contract and the marketing materials we will then send you a purchase order for a finished product and you confirm receipt of the P.O. via email. Once the product is shipped, you are then requested to email us the tracking number and send us the invoice. We pay Net 30 (thirty days from invoice date).

3. Do you ever do the replication?
 - a. On occasion, if it is your need, we will offer a royalty based program. We will then arrange for the sleeve printing, duplication, insertion and shrinking of the product, based on your specific needs.
 - b. If not an option, we can give you recommendations of duplication and DVD authoring houses that are reasonably priced and provide good service.
4. What kind of price can we expect?
 - a. Most DVD's retail for \$19.95 or \$24.95. The stores purchase them with a 40% margin, distribution price varies from 40% to 45% off the wholesale price and based on quantities of finished goods purchased.
 - b. Royalties would be negotiated based on variables of Impact's involvement.
5. What kind of quantities can we expect to sell over the next year?
 - a. This is the big question. Sales can range from 250 units to tens of thousands, depending on genre, content, production quality, promotion, marketing and what consumers respond to.
6. How can I get licensed music for my program.
 - a. Go to local bands & get their music for promotional considerations.
 - b. Contact smaller record label companies and often they will give you good music for little or no cost.
 - c. Go to the larger label companies but expect to pay a fair amount.
 - d. BE SURE TO GET ALL YOUR MUSIC LICENSED.
7. What about International sales?
 - a. While Impact's main focus is in the USA & Canada, Impact has distribution partners and/or contacts worldwide.
8. What about main stream sales to places like Best Buy?
 - a. While there is a potential for sales in these areas, that arena is still somewhat undeveloped and sales are inconsistent.
 - b. Most of the contracts out there put the producer at a major disadvantage. Impact is currently working with a couple of the main-stream distributors and putting together a program that protects the market and the producer.
 - c. If you do find yourself with a potential to get into this market, please be sure to read the fine print of any contract that you are offered.
 - d. Again all music must be fully licensed.
 - e. UPC codes are required on the packaging

9. What about other distributors or doing my own sales?
 - a. If you have other or plan on pursuing other distributors, please let us know when we speak. If you do have alternative sources of distribution in the core market, please encourage price integrity of the established margins. However, Impact services the majority of motorsports shops and exclusivity is encouraged to take advantage of the full spectrum of sales and marketing Impact has to offer.
 - b. If you plan on contacting shops yourself, this is heavily discouraged unless it is a special circumstance. (i.e. sponsor) If you must engage in direct selling, you must maintain price integrity as to avoid direct competition with your own distributor. In most cases, you will not wish to engage in sales directly as it takes time away from producing and marketing and puts you in a position to give your “buddies” a good deal.
 - c. If you have shops you wish us to contact for you, just let us know.

10. Digital technology and opportunities

- a. Impact is developing a wide range of digital affiliates for the future to ensure maximum revenue and exposure with the strength of Impact Video as an established distributor behind each producer. Our main focus is to protect the core market and the producer, while building a strong international distribution network and augment the producer’s revenue potential through various emerging distribution channels and digital opportunities.

Impact is the largest independent distributor of extreme motorsports videos and we have a passion for what we do. We are happy to consult with you on your upcoming project(s) and encourage your efforts. Once signed we support you in many ways other way. We promote you in our catalog, flyers, direct contact with sports shops, press releases, magazine reviews, our sampler reel, advertising, Youtube, My space, social networks and more. We are also the creators of The XTREMEY AWARDS, which focus on the producer’s creative excellence of the videos themselves, not just the talent in the videos. (Check out www.xtremey.net for more info about this)

Impact works with their producers...a partnership of sorts. It is Impact’s responsibility as *your distributor*, to promote and get your video/DVD into the stores and generate interest and revenue for your title...It is your responsibility as *a producer*, to promote and make a video/DVD good enough that they will be ready to re-order when we call.

All in all, we welcome and encourage you to submit your project and consider Impact as your distributor. It is our continuing goal to be the #1 resource for extreme motorsports videos, and in the process of doing so, we strive to build strong long-term relationships with all our customers as well as all our producers.

Good luck and we look forward to seeing your new title soon.
